TOP MEDICAL UNIVERSITY IN VIETNAM

AIERAA OVERSEAS

The sole exclusive partner of PCTU, Vietnam.

Aieraa Overseas Studies Enters Exclusive Contract with **Phan Chau Trinh University**. Studying MBBS at PCTU is a great way to enhance your career. In today's competitive environment, professionals require the skills to adapt to an ever-changing business world.

Deepa and Avinash, seasoned educators, share a profound commitment to empowering students. Deepa's rise from a counsellor to head of admissions at Vinayaka Mission's Research Foundation extending her dedication to education and women's empowerment. She facilitated countless students from diverse backgrounds, providing guidance, scholarships, and access to opportunities.

Avinash specializes in guiding aspiring medical students, leveraging over two decades of consultancy experience. His extensive work across universities has aided thousands of students in pursuing successful medical careers. Avinash's philanthropy towards economically backward students underscores his commitment to equitable education access.

Together, **Deepa and Avinash** epitomize a formidable force in education, united in their mission to shape students' futures and advance societal progress.

HIGHLIGHTS OF PCTU

In Hai An Town, a historic locale nestled within Vietnam's central Quang Nam Province, PHAN CHAU TRINH UNIVERSITY was established by the Decision 989/QĐ-TTg issued by the Prime Minister on August 06, 2007. Its inaugural campus was strategically positioned in the heart of Hoi An Town.

A UNESCO-designated world heritage site. PHAN CHAU TRINH UNIVERSITY boasts state-of-the-art facilities, including modern classrooms, libraries, and practice hospitals, catering to the educational needs of both faculty and students. The university is outfitted with cutting-edge machinery and equipment, along with a comprehensive laboratory system, tailored to fulfill the academic and research requirements of its student body.

Hospital Internship is where medical students want to clarify the theories they learn, learning clinical skills and understanding their own emotions by having direct contact with patients at the hospitals. 9 hospitals for medical students - Phan Chau Trinh University to practise, do experiments and research.
