ABOUT AIERAA OVERSEAS STUDIES

Aieraa refer to word "Airavat" Airavat (Sanskrit: ऐरावत "belonging to Iravati") is a white elephant who carries the deity Indra. It is also called 'abhra-Matanga', meaning "elephant of the clouds"; 'Naga-malla', meaning "the fighting elephant"; and 'Arkasodara', meaning "brother of the sun".

Aieraa has always believed that every student has the right to dream and accomplish a career. But, we realized that many aspiring medicine students don't make it to their dream career in today's scenario because of lack of awareness and financial situations.

Thus, at Aieraa, we strive to empower medical aspirants with the right opportunity and exceptional guidance and support services.

In pursuit of our ambition, we have partnered with the Can Tho Medical University of Vietnam. In the first phase, Aieraa Overseas Studies will help hundreds of Indian students fulfil their medical dreams by sending them to Vietnam for the six-year undergraduate medical programme.

DIRECTORS PROFILE

**Ms. Deepa R,
Director**

Deepa started her career as a student executive counsellor in Vinayaka Mission's Research Foundation – Deemed to be University (VMRFDU) at Tamil Nadu. Her 16 years of spanning success in this department have deepened her understanding, and she was the head of the Admission Department in VMRF. She has positioned herself as an instrumental part of the astonishing growth that VMRF has witnessed in the past decade. She has always believed that education is the only tool to change the present and create a future. Thus, Ms. Deepa, with her dedicated team, has travelled across India all these years, creating awareness on the value of education, women education and women empowerment. She has helped students of financially unstable backgrounds and rural areas pursue their education in India and abroad through career counselling, scholarships, acquiring bank loans, and aiding them to access the opportunities provided by the government based on their interest, need, and merit. With her extensive knowledge, experience, and portfolio of accomplishments in the field, Ms. Deepa and her dedicated team are all set to face new challenges in medical and engineering education admission in Asian countries in the coming decade.

Avinash is a dynamic personality with a vision to provide medical education assistance to ambitious students with a dream to prove themselves in the field of medicine. He owns a deep 21 years of experience as an education consultant and in the field of academics and administration. He started his career as a consultant for engineering education and moved on to medical education. He worked as a prominent consultant for more than 30 universities

across the country, empowering the lives of thousands of students. His counselling and guidance have helped several students to proceed with their careers successfully. Avinash's will be incomplete if his generous contributions and helping attitude towards economically backward students through scholarship and counselling support is not mentioned.
